Home

The screenshot shows the InMyTime homepage. At the top, there's a navigation bar with links for "Features" and "How it Works". A search bar says "Search Poll ID" and a "Create Poll" button is on the right. The main heading is "Find the perfect time together". Below it, a sub-headline says "Stop playing scheduling ping-pong. Easily discover common availability for your team, meetings, and events in seconds." There are two buttons: "Create Your First Poll" and "Learn More". At the bottom, there are two radio buttons: "No signup needed" and "Instant results". To the right, there's a section titled "Available Times" showing four horizontal bars representing time slots. Each bar has a red segment indicating availability. The bars are labeled with dates and times: "Mon 2:00 PM", "Tue 10:00 AM", "Wed 3:00 PM", and "Thu 1:00 PM". A small note says "5 votes".

CREATE POLL

Find the perfect time for your team

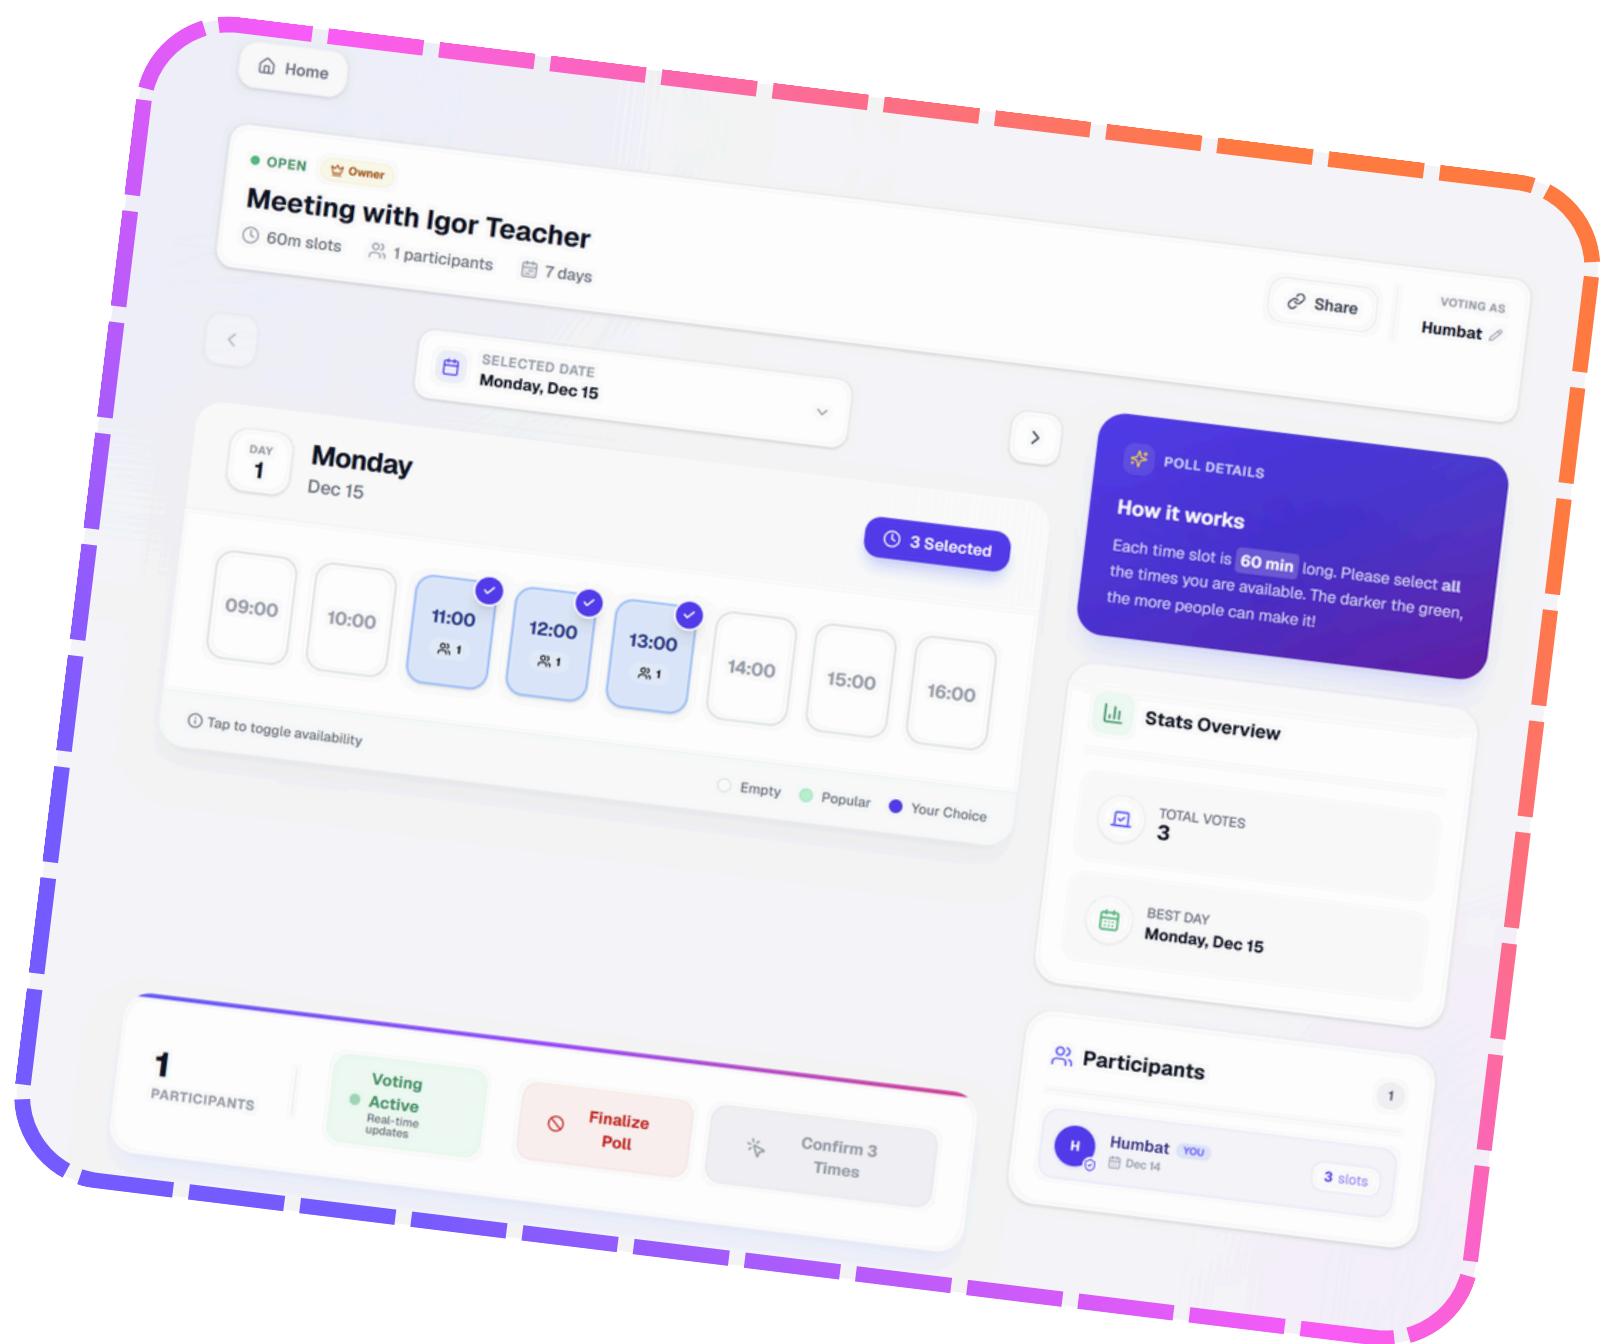

This screenshot shows the "Create Poll" interface. On the left, there's a form for entering event details like "Event title" (Product sync, sprint review, study session...) and "Description" (Add an optional note...). Under "Target dates", there's a "SINGLE DAY" section with a date picker set to "2025-12-15 X" and a "DATE RANGE" section from "12/15/2025" to "12/21/2025". Below that are buttons for "Next Week" and "Next Month". A list of dates from "2025-12-15 X" to "2025-12-21 X" is shown. On the right, a dark modal window titled "LIVE PREVIEW Available Times Overview" lists available times for each day from December 15 to 21, 2025, from 09:00 to 17:00. At the bottom of the modal, it says "First day example slots: 09:00, 10:00, 11:00, 12:00, 13:00, 14:00". At the very bottom of the interface, there's a "Create Poll" button.
